

Queen's High School, Dunedin, New Zealand

'Through love of learning we learn to live'

Queen's High School, a school for girls, was established in 1955. It offers a broad, balanced curriculum, excellent academic achievement and a rich cultural and sporting life in a disciplined and caring environment.

Location and Facilities

Queen's High School is situated in St Clair, Dunedin, near beautiful St Clair beach.

Queen's High School has a modern gymnasium, library, specialist drama, art, music rooms as well as professional foods facilities, several computer rooms and modern science laboratories. Queen's High School shares a Performing Arts Centre with its brother school, King's High School.

Queen's High School hosts approximately 20-25 students per year.

Girls come to us from Europe and in particular from Germany and Switzerland as well as the Asian countries of Japan, Hong Kong, Thailand, Korea and China.

In addition we host exchange students from all over the world including France, Germany and South America.

Academic Programme:

A wide range of subjects are available which lead to further study at universities and polytechnics.

If students wish to complete their secondary education in preparation for tertiary courses, they sit the NCEA Level 3 examinations which are recognised entry to Universities in N.Z., Australia, U.S.A., Japan and Germany.

The school works hard to ensure that students choose subjects which offer them new challenges and deepen and broaden their experiences.
